PREAMBLE

The District and the Federation share the belief that providing a high-quality education for the children of Albuquerque is the paramount objective of the District.

Both parties affirm that all educational programs must be sensitive to the needs and aspirations of students. We believe that all students can learn, and we have a responsibility to educate all of them well. Student success must not be predictable by a student's circumstances, background, race, or socioeconomic status.

We believe that a collaborative partnership between the District and the Federation embodies the notion that an educational system based on the involvement of educators in the decision-making process will lead to the highest quality of education, enhance the practice of teaching, and foster human dignity for all at the school site. Furthermore, the parties believe that by working together, an atmosphere which promotes professional growth will be established.

To meet the objective above and formally establish a collaborative partnership that redefines and improves upon its collective bargaining relationship, the Federation and the District agree to the Living Contract, a concept and a process that will allow the parties to collaborate in addressing the following issues:

- Policy matters that affect teaching and learning
- District-wide matters that affect educators, students, and the community
- Instructional and curriculum issues
- Teaching and learning issues
- Long-term planning

The Living Contract Agreement is essential to furthering the desired partnership between the District and the Federation. Working in partnership makes it possible to address challenges that individual entities could not effectively address through separate efforts. Quality partnerships can be recognized by the following characteristics:

- Partners make a formal, sustained commitment to accomplish a shared mission.
- Partners recognize and respect each partner's responsibilities and constraints.
- Partners work to know and acknowledge each other's strengths and interests.
- Partners recognize and respect each other as separate entities, with differing cultures, values, and communication styles.
- Partners enhance trust by sharing knowledge, disclosing self-interest, and attempting to satisfy the needs of each partner.
- Partners affirm the shared vision of the partnership by keeping others informed of related activities that affect the partners.
- Partners identify specific goals so all partners can work effectively.
- Partners make decisions collaboratively and support those decisions within the partner organizations.
- Partners specify what each entity is expected to contribute to the partnership.
- Partners commit the resources—human, financial, and physical—necessary to accomplish the shared mission.
- Partners alter organizational policies and procedures to the best of their ability to help effectuate recommendations made by the partnership.
- Partners make the collaborative effort visible, when appropriate, publicizing and promoting results.
- Partners periodically reassess the mission and progress toward accomplishing it.

Attaining the educational goals of the Albuquerque Public Schools (APS) requires mutual understanding and cooperation between the District and the Federation. To this end, good-faith negotiations between the District and the Federation with a free and open exchange of views are desirable.

Change requires intensive, carefully planned, and skillfully executed implementation. We acknowledge that strong, consistent leadership, trusting collaboration, system-wide communication, quality teaching, and high educator morale promote positive learning environments for students.

As part of its collective bargaining relationship and partnership, the Albuquerque Teachers Federation and Albuquerque Public Schools agree to the following:

- A. The purpose of the Living Contract is to enable the parties to respond more quickly to issues that demand immediate attention while working within the framework of collective bargaining. The Living Contract is not a document, but rather a process that may result in written agreements.
- B. Pursuant to this Preamble, the parties agree to establish a joint committee(s) to provide for regular, on-going discussions and decision-making on matters germane to improved union-management relations and more effective overall system operations.
- C. The District and the Federation are committed to supporting the Living Contract and have established the following joint goals:
 - Maintain open lines of communication between the District and the Federation;
 - Conduct ongoing negotiations as timely problem solving;
 - View collective bargaining as collaboration;
 - Provide flexibility in dealing with issues as they arise; and
 - Discuss future district initiatives that have a potential impact on educators' work and workload.
- D. Nothing herein shall be deemed to impair the authority of the Superintendent or preclude the Superintendent from consulting informally with members of the bargaining unit.

The parties agree to establish three (3) joint committees. The overall charge of each committee is summarized as follows:

- **Living Contract Committee**
Policy/District-wide issues, instructional issues, long-term planning
- **Supporting Quality Teachers (SQT) Team**
Teaching and learning issues
- **Contract Administration Committee/Negotiations**
Dispute resolution, contract implementation, working conditions, interim negotiations

In addition, the joint committee(s) may:

- 1) Set up temporary subcommittees, task forces, or design teams to address particular issues;
- 2) Recommend revisions to the Negotiated Agreement to clarify language and meaning, correct contradictions or inconsistencies, remove outdated language, and organize and streamline it;
- 3) Train District and Federation staff regarding the Agreement and best practices with respect thereto; and
- 4) Recommend joint communications to clarify particular issues.

 4. The principal shall have the authority to permit divergence by individual educators from the duty day by mutual agreement. This divergence can apply to time on registration days for educators to register their own children if such divergence will not hinder registration at the educator's worksite.
 5. Lengthening the duty day by the site supervisor shall not exceed two (2) hours for any individual educator in any twenty (20) day reporting period. This lengthening shall normally occur after a minimum of forty-eight (48) hours prior notice excluding nonteaching days prior to the additional duty time. Care shall be taken when scheduling such events to ensure that any resulting loss of preparation time shall be minimized and be as equitable as possible for all employees.

F. Academic Issues

- 1. Without minimizing the importance of generally accepted issues, the District and the Federation agree to foster dispassionate, unprejudiced, scientific studies of academic issues in an atmosphere free from bias and prejudice.
- 2. The educator shall serve as an impartial moderator and shall not attempt either directly or indirectly to limit or control the opinion of one's students on academic issues. It is the intent of this policy that the educator shall foster the study of such issues rather than teach particular viewpoints in regard to them.
- 3. A method of involvement of educators shall be provided at the school and District level when complaints are received on issues that fall within Article 5, F. A copy of recommendations made at the District level shall be provided to the President.
- 4. In the event the principal believes that an educator's presentation (oral, written, or visual) of a controversial issue falls outside the Board's Controversial Issues and Outside Speakers Guidelines, the principal will so advise the educator, discuss the basis of their objections and recommend an alternative approach to the issue. The educator shall adopt the principal's recommendation pending mediation of the dispute by the Superintendent, or their designee. The mediation shall be conducted within two (2) working days of the date the controversy arose.
- 5. The Common Core State Standards (CCSS), Stem Ready, NM Adopted Standards and standards-based teaching practices, and the relation to APS programs and practices.
 - a. The District and the Federation agree that the CCSS will be the foundation of instruction for all APS students.
 - b. Both parties believe that educators must collectively and collaboratively use appropriate methods and materials to help students develop conceptual understanding that leads to proficiency in the CCSS.
 - c. Both parties affirm that all educational programs must be sensitive to the needs and aspirations of students and that all students in APS must have equal access to the CCSS.
 - d. The following clarifications are intended to support the above statements:
 - 1.) Educators have the responsibility to teach to the standards. All instructional programs can be used with the CCSS. Educators have the discretion to augment the District-

- approved curricular programs. Educators may also adjust the pacing and scope and sequence of District-approved curricular programs to align with the CCSS.
- 2.) As educators use the CCSS to plan, they rely on district-provided texts and programs or they may develop curricula using a variety of texts, programs, and resources that they determine are appropriate based on their professional expertise, experience and knowledge of their students. All curricula used must be clearly tied to the standards for the particular subject and grade level.
 - 3.) Tier II and III intervention programs, while more prescriptive by nature, are one of the instructional tools used to teach to the CCSS. Additional tools and resources may be utilized to meet the CCSS.
 - 4.) Principals and staffs are encouraged to analyze school practices to ensure they are still relevant as APS moves toward adopting the CCSS at all grades. For example: Baldrige is no longer a district-supported program. Continuing with Baldrige, CCI, Continuous Improvement, PDSA, and Goal Teams is at the discretion of the Instructional Council.
- e. Freedom to teach is essential to the accomplishment of the District’s goals. Therefore, educators have the right and responsibility to exercise their professional judgement, within the limits of the above guidelines, in initiating and actively pursuing consideration of academic issues.
 - f. Fidelity refers to the intensity and accuracy with which core instruction and connected interventions are implemented. Using a program with fidelity means teaching all essential (research-based) components of a program and using professional judgment to differentiate in order to meet the needs of individual students. This may mean that educators need to supplement with additional materials to reinforce skills and concepts.
6. Elementary Recess
- a. ATF and APS recognize that recess for elementary students provides children with opportunities to engage in physical activity that helps to develop healthy bodies and practice life skills such as conflict resolution, cooperation, respect for rules, taking turns, sharing using language to communicate and problem solving in real life situations.
 - b. In addition, research shows:
 - 1.) An unmistakable link between movement and thinking because performing complex movements like dancing, throwing a ball, or playing tag engage the same area of the brain, the cerebellum, as those used for problem solving, planning, and sequencing.
 - 2.) A person’s capacity to master new and remember old information is improved by biological and chemical changes in the brain caused by exercise.
 - 3.) Brain functioning, attention, memory, social and emotional development, and language development all reveal the unmistakable advantages of physical exercise.
 - 4.) All elementary schools will schedule a minimum of three (3) recess times for children in the morning, at lunch and in the afternoon no later than the 2021-2022 school year.
 - 5.) APS and ATF recommend that each elementary school, through the Instructional Council, explore the benefits of scheduling the lunch recess time for student before, rather than after, they eat.
 - 6.) As the APS/ATF Task Force working on Article 21, Student Discipline, creates recommendations and supports for Conflict Mediation program in elementary schools, that information will be distributed with Elementary Schools with the intent of establishing the program during the 2021-2022 school year.
 - 7.) Note: According to NM Administrative Code, Chapter 6.29.1, “The student lunch period each day shall be at least thirty (30) minutes. Lunch recess shall not be counted as part of the instructional day.” However, morning and afternoon recess is counted as a part instructional time during the five and one-half (5.5) hours per day or nine hundred ninety (990) hours per year.

7. Capstone Project
 - a. All schools are invited to participate in this effort to engage students in a more student-centered elective choice that promotes relevance in their education. This new offering is the result of a negotiated joint task force.
 - b. The intent of this course is to provide students the opportunity to practice:
 - 1.) Developing solutions
 - 2.) Formulating arguments
 - 3.) Communicating their findings and understandings using various media
 - c. Students' efforts will culminate in a district-wide symposium
 - d. Any licensed secondary teacher is eligible to teach the course, which will be called Guided Study: Capstone Project, however, no extra funding or district-delivered professional development will be provided. The teacher volunteers from each school site will work as a collaborative cohort during the spring 2021 semester to develop curricular supports and rubrics for this developing pilot program,
 - e. Students should receive a recognition at graduation as determined by the teacher cohort.
This course will not be mandated by the District.
 - f. Capstone Project Course
 - 1.) General Description:
 - 2.) In semester one, students will explore meaningful issues through varying critical lenses to understand how and why research is conducted. Students will have the opportunity to practice developing solutions, arguments, and communicating their findings and understandings using various media, such as video, slide presentation, performance, written documents, legislation, physical construction and other demonstrable methods.
 - 3.) In semester two, students will work independently to develop a passion project based on a topic or issue of interest that has relevance to the community. Students will conduct their own research to guide a deep dive into the subject matter and create their own project. Students will work with a mentor to use the skills they learned in semester one, culminating in a district-wide symposium to present their findings. Students will have the opportunity to share their passion project and also engage with community members and peers from around the city.
 - 4.) In this year-long class, students will develop a variety of skills including how to conduct research as well as critical thinking skills, resilience, problem solving, time management, integrity, positionality, identifying bias, community-mindedness, communication, and collaboration. Most importantly, students will develop the habits of self-directed learning. The capstone project is an exhibition of what a student can do when they apply knowledge in a particular area. Some potential projects may be building a guitar after researching various models, engaging the community in a development project, working with legislators to write potential legislation, writing and producing a podcast series or short film, or constructing an engine from scratch.
 - 5.) Successful completion of the capstone course and symposium will earn students a capstone seal, graduation regalia, and recognition.

Article 7, INSTRUCTIONAL COUNCILS (ICs)

A. The District and the Federation agree to support the work of each school's Instructional Council (IC). ICs are established as part of a collaborative effort to improve and support the teaching and learning process in the Albuquerque Public Schools. It is the intent of the District and the Federation to allow the individuals on each council to use their collective expertise and experience concerning their site and community to address school issues that fall within the scope of instructional improvement. The following requirements and recommendations set limited parameters.

1. The IC includes the principal, a federation representative elected by federation members at the school, teachers elected by teachers, the Community School Coordinator (at Community Schools), and parent representative(s) of the school parent body recognized by the school and may include representatives of other bargaining units as defined in their respective negotiated agreements, and any other personnel and/or students deemed appropriate by the IC and elected by their constituent group.
2. Teachers shall comprise at least fifty (50) percent of the IC.
3. Meetings shall be open to any member of the school staff or school community.
4. The IC shall comply with Negotiated Agreements, Board policies, District procedures/directives, New Mexico laws and regulations and Federal laws and regulations when addressing issues. Issues shall be addressed in a collaborative manner.
5. Specific structure and protocol for the IC shall be developed by the IC and published for the school community.
6. If a decision concerning an issue cannot be reached, and a decision must be made because the issue at hand is time-sensitive, then the IC will defer to the principal.

7. IC members have certain obligations, rights and responsibilities of membership, including attending and actively participating on the IC; reaching out to the diversity of the represented group to hear their opinions and ideas; communicating those opinions to the IC; supporting goals and strategies to implement the school's Educational Plan for as mandated by the state; checking with supportive documents such as Board Policy and the Negotiated Agreement; and collectively supporting the school improvement process.
8. Yearly training(s), led jointly by representatives of APS and ATF, shall be offered to all Instructional Council members, at a central location, to guide IC members in the school improvement process and their obligations, rights, and responsibilities of membership.

Note: The term "Instructional Council" is a generic term for all leadership/management teams at a school. Individual sites may choose different titles for their Instructional Council.

B. Leadership Councils: At-large Constituent Groups

1. Employees may create district-wide at-large Leadership Councils when employees with common areas of interest and expertise are assigned at different schools throughout the district. Constituent Leadership Councils will include administrators and employees and shall be recognized by the District and the Federation.
2. APS and ATF recognize the following Leadership Councils:
 - a. Nurses
 - b. Counselors
 - c. Social Workers
 - d. Speech and Language Therapists
 - e. Transition Specialists/Rehabilitation Counselors
 - f. Evaluators (Diagnosticians, School Psychologists, SLP and OT Evaluators)
 - g. Special Education Department Head Teachers
 - h. Motor Therapists (OT, PT, OMS, APE)
 - i. Low Incidence Groups (Sign Language Interpreters, VI itinerants, HI itinerants, Audiologists, OMS)
 - j. Transition Services (CBTS)

C. Instructional Councils: Process and Content

1. The Instructional Council is concerned with both process and content and delivery of services. The process will be similar at all sites. It is collaboration among stakeholders working together to develop common visions for their sites. The content or issues addressed by each IC will vary in nature. What may be an instructional priority for one school community may not be for another.
2. There are two strategies usually associated with this process: site-based management and shared decision-making. These strategies are dependent upon collaboration and consensus building. For shared decision making to work, the issues to be decided must be meaningful and not merely symbolic. Important decisions must be reached in a collaborative manner. Participants can readily discern the difference between involvement and influence. Without experiencing influence, participants may soon choose not to be involved.
3. ICs are empowered to address school issues that fall within the scope of instructional improvement. The scope includes but is not limited to school duty schedules, substitute and coverage plans, and school discipline policy and procedures.
4. Gather both qualitative and quantitative data to inform decisions made within the scope of instructional improvement.

D. Instructional Councils: Decision-Making Processes

1. Consensus Decision-Making: The primary decision-making model is a consensus process, especially when the issue affects the entire staff.
 - a. Definition of Consensus Decision-Making: Consensus decision-making is a process in which participants make decisions by agreement rather than by majority vote. A

consensus process is where representatives of the affected parties with a stake in an issue work together to find a mutually acceptable solution. Decisions are reached through a consensus process that includes the following:

- 1.) There has been communication with and input from constituents.
 - 2.) Participants have reached a meeting of the minds sufficient to decide and carry it out.
 - 3.) There is agreement that no one who could block or obstruct the decision or its implementation will exercise that power.
 - 4.) There is agreement that everyone needed to support the decision and put it into effect will do so.
- b. This definition does not mean unanimity of thought. The resulting agreement may be a package of various levels of enthusiasm and support, but the agreement is one that each party can accept and live with.
2. Alternative Decision-Making Models
- a. There may be alternative decision-making processes that are appropriate at times. ICs must determine which decision-making model is best suited for the issue at hand (i.e., consensus, majority vote of the IC, vote of the entire staff, adoption of committee recommendations, etc.).
 - b. Determination of the model to be used needs to be made through consensus. The model used may change from issue to issue.
3. Decisions reached by the IC must be collaborative in nature among the role groups participating in the IC process. Collaborative problem solving provides more resources, more diversity of ideas, and more social support for the decision.

E. Instructional Councils: Considerations for a Successful Collaborative Structure

1. IC representatives are elected.
2. The representatives are elected to serve a specific constituency.
3. The selected representatives regularly communicate with their constituents.
4. Communication with constituents is focused on giving information and getting their constituents' perspectives in order to represent all points of view at the meeting.
5. The IC has taken the time necessary to be clear about:
 - a. What decisions it makes and;
 - b. How it makes those decisions.
6. All members of the IC openly discuss and share all information pertaining to an issue so that the best decision can be reached.
7. The IC is able to focus on issues related to teaching and learning because there is some other structure or mechanism to address the daily "nuts and bolts" issues.
8. The IC positions are desirable and there is healthy participation.
9. Agendas and past minutes from IC meetings are made public.
10. ICs make meaningful decisions; they are not solely "advisory."
11. All IC members are viewed and treated as equals. This includes ensuring equity of voice.
12. Decisions made by the IC that affect the staff or a specific constituency group must be made in collaboration with the staff or constituency group.

F. Instructional Councils: Time for Professional Development

1. The Albuquerque Public School and the Albuquerque Teachers Federation agree on the importance of professional development. Professional development is the process by which teachers individually and jointly enhance and update their knowledge of standards, curriculum, and content, and improve their instructional skills and strategies.
2. It is the IC's responsibility to work collaboratively with the whole staff to decide the content of professional development. Schools may not bank additional time for professional development unless they have utilized all other optional time allowed in the negotiated agreement. Article 5, C.5. states: "Schools may utilize an additional thirteen (13) hours annually for staff development

activities collaboratively planned through the IC. Any District-mandated training will be included in these hours.” It is optional to use part or all of the thirteen (13) hours set aside for professional development. It is the IC’s responsibility to:

- a. Decide in collaboration with the whole staff whether or not to use up to thirteen (13) hours for professional development;
- b. Come to consensus with the staff on the content of the professional development; and
- c. Come to consensus with the staff on the scheduling of up to thirteen (13) hours for professional development.

Refer to Appendix E—Time Chart

G. Instructional Councils: Connection to School Committees and Other School Structures

1. All school committees, task forces, and work groups will communicate directly with or through the IC to coordinate planning and implementation of their work. It is recommended that committees follow protocols similar to those for the IC.
2. Connection to Teacher Leadership Positions
 - a. It is essential that a purposeful connection between various teacher leadership positions (e.g., department chairs, team leaders, study group leaders, etc.) and the IC be created and maintained.
 - b. It is up to each school to determine how those leadership bodies and individuals communicate and coordinate their work.

H. Instructional Councils: Connection to Budgeting

1. School budgets are open and public documents. School budgets and budget projections shall be distributed to all staff at each respective school each year prior to budget decisions being made.
 - a. School staffs will be provided standardized spreadsheets of school budgets that include descriptions of each funding source and the amount to be received from that source.
 - b. The spreadsheets will also delineate if the funding source is considered “discretionary” (for example: Title I, At Risk) or “operational.”
 - c. These budget sheets will be distributed to all school staff via APS email no later than the second Tuesday of April.
2. It is the responsibility of the IC to work in collaboration with the staff to set priorities for discretionary funds or at risk in the school’s budget and in developing and overseeing the implementation of a budget that places resources where they will effectively support the school’s goals.
3. When using discretionary money for a full or partial FTE, to ensure decisions are program-based, a change in the agreed use will result in holding funds until the current position is vacated. In the event of programmatic need to change or eliminate a full or partial FTE funded through discretionary money and the position has not been vacated, the school may request a contract waiver according to the process set forth in Appendix L: Process for Obtaining a Waiver.
4. Training in Budgeting may be requested of the District and the Federation for Instructional Councils.
5. School staffs must follow the rules and regulations associated with each funding source.
- l. If differentials are provided for positions on the school’s Instruction Council, the Federation Representative position will be eligible.

Article 8, EDUCATOR COMMITTEES

H. ADN & LPN Hiring Practices

1. Hiring of Associate Degree Nurses (ADN)
 - a. The parties recognize that while the hiring of a BSN-prepared nurse is a current requirement and would always be the preferred option, the district has been unable to fill all current nursing positions and has had to utilize agency nurses, some of whom are ADN nurses. The parties further recognize that agency nurses are expensive to employ.
 - b. Given that ADNs hold the same nursing license from the New Mexico Board of Nursing and that they take the NCLEX exam and must pass the exam to be called a Registered Nurse, they are held to the same Standards of Care and hold the same liability as a BSN-prepared nurse. The significant difference between the ADN and BSN is that the BSN has completed a four-year degree and the ADN has two to three years of college hours.
 - c. Given these facts, the parties agree to the following stipulations that would make hiring ADN nurses permissible:

- 1.) ADN nurses with at least three years of nursing experience may be hired provided that they are actively pursuing a bachelor's degree in nursing.
 - 2.) ADN nurses shall be given two years to complete their degree. If, due to unforeseen circumstances, more than two years are needed to complete the degree requirements, individuals would need to apply for an extension, this would be approved on a case-by-case basis.
 - 3.) ADN nurses with three years of nursing experience may enter at 90 percent of Level II pay.
 - 4.) Upon completing a BSN, the employee will be moved the following year to 100 percent of the appropriate step of Level 2.
 - 5.) The expectation for those ADN nurses entering under these conditions would be that they are performing at, and are evaluated based on, Level II competencies.
2. Hiring Licensed Practical Nurses (LPN)
- a. LPNs are licensed to specifically practice under the direction of an RN
 - 1.) The New Mexico School Health Manual (page 9) states, "The principle role of the school Licensed Practical Nurse (LPN) is to assist the licensed school nurse with the implementation of the school health program by providing practical nursing care for students in the health room and by meeting the complex needs of medically fragile/severely disabled students."
 - 2.) The LPN must be supervised by the RN school nurse.
 - 3.) LPNs are assigned in schools with a high enough acuity to require more than one nurse.

 - b. An Athletic Trainer who does not possess a teaching license may advance based on:
 - 1.) Three (3) years of experience at Level 1
 - 2.) Successful yearly evaluations.
 - c. An Athletic Trainer who has a teaching license, but no longer requires that license to complete job responsibilities, may choose to advance using either the state dossier system or as stated above in Section C above.

 - b. All Athletic Trainers will be allocated a 1.0 to fulfill their athletic training duties. Additional class assignments within the duty day shall be subject to the approval of the Principal and the Zone Associate Superintendent for a .2 extended contract.

2. Vacancies in Special Education Teacher Positions

a. Overload Compensation

- 1.) Additional compensation will be paid for services and responsibilities related to student IEPs of those students assigned to the teacher's caseload, if the caseload exceeds the teacher's contract, including any extensions for teaching during a prep period.
 - a) Teachers receiving this additional compensation are entitled to minimum preparation minutes per week as per Article 5, E., unless the teacher has agreed to teach during their preparation time.
 - b) A teacher may choose to stay at their original employment contract and a caseload that does not exceed that contract.
 - c) Teachers will be notified of the temporary nature of this additional compensation. If, and when, vacancies are filled, caseload and pay will be adjusted.
 - d) Starting in the 2022/2023 school year, caseload compensation will be reflected in an "overload" category on the pay stubs of those employees receiving this pay.
- 2.) The District will base additional compensation on caseloads as recorded in Synergy on official count dates (40th day, 80th day, 120th day, EOY).
 - a) Overload compensation is for services to students required by the IEP and related work.
 - b) Release Head Teachers are eligible for overload compensation for any caseload assigned to them, up to a .99 caseload.
 - c) Release Head Teachers may not carry more than .99 worth of student caseload.
- 3.) At each of the official count dates listed above, the Special Education Department will calculate each employee's excess caseloads using the Synergy FTE report run at 4:30 p.m. on the count day for active students.
 - a) Excess Class FTE is defined as the difference between a teachers' class FTE and the teachers' employment contract. This includes any extensions for teaching an additional class during the teacher's preparation time.
 - b) A teacher who has received a .2 extended contract for teaching an additional class during their preparation period shall remain eligible for additional compensation, beyond their 1.2 extended contract, for additional special education caseload assigned to them due to vacancy by mutual agreement.
 - c) The excess caseload FTE will be multiplied by 299 (the number of hours per quarter in a teaching contract – 1196/4), multiplied by the individual teachers' hourly rate.
 - 1.) Payments will be submitted after each count date.
 - 2.) Payments will not be impacted by substitute teachers employed at the school.
 - 3.) Teachers will not be required to submit paperwork for the extra compensation. It will be paid automatically when an overage exists.
 - 4.) The PED does not approve waivers for caseloads of 2.0 or higher. Therefore, overload payments will be capped for classroom teachers carrying a caseload over 1.99 FTE.
- 4.) Concerns about balanced caseloads, an overage that is not reflected on a counter date, or a shortage of staff necessary to address all needs should contact the Federation or Human Resources.

- a) It shall be the responsibility of the APS Special Education Department in conjunction with site administration to ensure caseloads do not exceed the aforementioned caps for classroom teachers and release head teachers.
 - b) Both release head teachers and classroom teacher shall be entitled to all overload compensation if the caps are exceeded and adjustment are not made in a timely manner.
 - 5.) Vacancies will remain posted until filled. Once filled, the respective caseload and compensation will revert to their original state.
 - 6.) Issues will be reported by teachers to the Federation. Issues will be reported by school administrators to the Special Education administration.
 - 7.) ATF and APS agree to investigate further possibilities of creating a similar pay system for general education teachers who take on additional duties/responsibilities due to vacancies.
 - 8.) During the 2019-2020 school year, SLP and Social Worker caseload overages will be discussed at Contract Administration Committee.
- b. Curricular Needs
- a. Peer-reviewed research and evidence-based programs and other professional credentials in relation to program need and the identification of involuntary transfers.
 - 1.) Because the District has an interest in having a special education teacher/provider at each site trained in peer-reviewed research and evidence-based programs, the Federation and the District agree:
 - a) If there is a reduction in the special education teaching staff at a school, and the employee who is trained in evidence-based programs is the least senior person, then the case will be brought to a panel made up of one ATF person and one APS person.
 - b) The APS/ATF Panel will consider the needs of the school's special education students and the background and qualifications of the special education staff in peer-reviewed research and evidence-based programs.
 - c) In the event the District believes that a teacher's credential or level of training constitutes a program need not identified in Article 16. B. 7. of this Agreement, the case will be addressed as in a.1 and a.2 above.

F. Special Education Continuum of Service Delivery Options

1. As the Albuquerque Public Schools (APS) and the Albuquerque Teachers Federation (ATF) seek to continue providing quality services, many innovative models of service delivery have emerged. Any model for service delivery needs to accommodate all services as indicated on an individual student's IEP.
 - a. The Individuals with Disabilities Education Act (IDEA) requires that a school provide a continuum of service delivery options to meet the varied individual needs of students who are eligible to receive special education services. Such a continuum could include the following:
 - 1) Full participation in the general education class—the student pursues the same objectives within the same activities
 - 2) Multilevel instruction—students attend the general classroom but pursue different objectives at multiple levels based on individual need
 - 3) Curriculum overlapping—a group of students is involved in the same lesson in the general education classroom but pursuing goals and objectives from different curricular areas
 - 4) Alternative participation—students pursue alternative activities if the general education class does not address student needs through strategies described above

- 5) Participation in general education classes and alternative special settings
- 6) Self-contained special education services
- b. Some models of service delivery within this continuum are part of an overarching strategy called “co-teaching” and include:
 - 1) Supportive Teaching— one teacher presents content, another provides enrichment
 - 2) Parallel Teaching—teachers sometimes work in separate groups in the classroom
 - 3) Complementary Teaching—certain learning strategies within the context of a content lesson
 - 4) Team Teaching—both teachers share the whole class instruction; lessons can be divided and there may be simultaneous instruction
 - 5) The intent of the IDEA is to serve all children within the general education setting (whenever appropriate) with the use of supplemental aids and services. Removal from general education should occur only after the IEP Team can justify that the student’s needs cannot be satisfactorily met in the general education setting, even with supplemental aids and services. The District and the Federation support all schools in their endeavors to achieve the least restrictive environment for each student.

G. Definitions

1. Often, the differing interpretations of terms are so varied that meaningful dialogue becomes hampered. The following definitions are offered to develop a common vocabulary. The following terms have a basis in state and federal regulations.
 - a. Special Education: The IDEA guarantees that students with disabilities will have “a free appropriate public education (FAPE) that emphasizes special education and related services designed to meet their unique needs.”
 - b. Least Restrictive Environment: A term referred to in IDEA that requires:
 - 1) To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are not disabled and that placement in special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occur only when the nature or severity of the child’s disability is such that education in general education classes, with the use of supplementary aids and services cannot be achieved satisfactorily.
 - c. Inclusion: Not a term used in regulation but is a philosophy (not a program or strategy) that believes all students in a school should have equal access to all programs and services in an integrated setting. It is a belief that each individual is valued and belongs to the school and the surrounding community.

H. Special Considerations and Suggestions

1. The following considerations and suggestions are provided to assist schools in structuring services to meet special education students’ individual needs:
 - a. Special education is an integral part of the total educational enterprise, not a separate entity, nor a place. It is a means of enhancing the capacity of the educational system to serve the needs of all students.
 - b. Decisions about the appropriate education for students with disabilities must be made on an individual student basis. Each decision must be a cooperative venture involving educators, parents and, when appropriate, the student.
 - c. The aim of any service must be to facilitate the provision of an appropriate education for the student. A clearly stated educational rationale is necessary to remove a student from their current educational setting to a restrictive environment within the continuum of services.

- d. The commitment to educate a student with disabilities in the general education classroom setting should continue to the degree that it is consistent with meeting the specific needs of that student.

I. Summary

1. The planning, selection, and availability of service options must be based solely on individually identified student needs. In all cases, the general education setting must be considered first, especially given the strategies available to general and special education personnel. If, after special consideration, it is determined that the student will not benefit from full participation in the general education setting, a variety of other settings may be considered with the least restrictive educational setting identified as a guiding principle.
2. There have been proposals by some schools to eliminate all self-contained or segregated special education service options. This would obviously result in a continuum of services not being made available to students in those schools. The District and the Federation support individual children being served in a general education classroom 100 percent of the time with appropriate support as just one option within the continuum of services. The District and the Federation cannot support full inclusion as a policy/practice in which all students with disabilities receive their total education within the general classroom, without regard for their individual needs. All schools are expected to meet the individual needs of their students unless the district has created a specially designed classroom to meet the needs of a low incidence population of students.

Article 12, PROFESSIONAL DEVELOPMENT

- A. The Board and Federation recognize that they have a basic responsibility to provide opportunities for the development of those entering the education profession and the continual improvement of educator in the District.
- B. If the District allocates SIS (Substitute In-Service) to the schools, the principal in collaboration with the faculty will determine the utilization of the SIS days. The utilization of the SIS days shall be equitable and in conformity with guidelines as promulgated by the Superintendent or designee.
- C. Schools may be granted upon request the use of a regular school day for the purpose of inservice programs/training without students in attendance. Such requests may be made when a new program is being implemented, a new school is being opened, or major changes are being planned.
- D. In-service days so identified by the District that have the effect of extending the calendar beyond one hundred eighty-four (184) days shall be paid at the rate of \$25.00 per hour. Participation for such days shall be voluntary.

Article 13, EVALUATION PROCEDURES

- A. Educator evaluation serves multiple purposes. These include improving the overall quality of the educator workforce by identifying and building on individual strengths, identifying quality instructional practices that improve student learning, providing support and feedback to educators, and ensuring valid employment decisions. Both principals and educators have roles and responsibilities within the evaluation process.
 1. Evaluation of educators shall be performed by the school principal, assistant principal, or site supervisor.
 2. The school principal(s) and the District administrator responsible for the role group shall collaborate on the evaluations of transition specialists, counselors, and nurses. The Special Education Instructional Managers shall evaluate Educational Diagnosticians and School Psychologist.
 3. The Nursing Services Department Administrative staff shall evaluate School Nurses. The NM Board of Nursing Nurse Practice Act requires that nurses be supervised and evaluated by a

nurse, a dentist, or a physician. Therefore, supervision of School Nurses is shared by the school principal and the Senior Director of Nursing. The Senior Director of Nursing evaluates nurse compliance with standards of nursing practice, while the school principal evaluates attendance, interaction with school colleagues, and similar administrative areas.

4. Principals may be assisted in their evaluation by other District administrators.
5. Employees assigned to two (2) or more schools will be evaluated collaboratively by the principals and/or District administrators.
6. Special Education employees at three (3) or more sites are evaluated by department administrators.

B. Frequency of Evaluation

1. Educators will be evaluated each year of service as an educator as per Public Education Department regulations.
2. A Professional Development Plan (PDP) is an individualized plan that is intended to improve teaching. Each plan should be unique to the goals and growth areas identified by the educator and their supervisor and meet the requirements of the Public Education Department regulations. A PDP will be required of educators every year. PDPs may be written to extend over three years but must be initialed yearly. Information regarding the PDP will be shared with the educator within forty (40) workdays after the beginning of the school year.
3. Educators will be formally observed whenever there is a concern regarding performance.
4. Walk-through observations are unscheduled and unlimited.
5. Educators may request to be observed at any time.

C. Observation Process

1. All monitoring or observation of the work performance of an educator will be conducted openly and with full knowledge of the educator.
2. Prior to a scheduled observation, the educator may request that the administrator return at another time. If the request cannot be honored, the educator may place a statement to that effect with the observation form.
 - a. Educators have the right to request an alternative observer from the District for one of the two formal observations. The request for an alternative observer shall not be unreasonably denied.
3. There will be a minimum of one (1) pre-observation conference, observation and post-observation conference during each school year the educator is being observed. Within four (4) weeks of the pre-observation conference, an observation and a post-observation conference will be held. The post-observation conference with written feedback will occur within five (5) calendar days of the scheduled observation(s).
4. Written feedback will be finalized and provided within ten (10) calendar days after the conference.
5. An educator may request a post-observation conference at any time.
6. All observations will be documented, reviewed, and signed by the evaluator and the educator. If additional observations have occurred and have been documented, the educator shall receive copies of such documentation.
7. Prior to the last day of the school year, the principal and the educator shall review, complete and sign the appropriate documentation to complete the observation cycle. The educator shall have the opportunity to provide written comments. The completed report including the Professional Development Plan and any attachments shall be submitted to the Department of Human Resources for inclusion in the educator's personnel file. The educator's signature shall constitute acknowledgment that the educator has read and understood the observation report.

D. If an educator who has signed three (3) consecutive full year contracts with the District exhibits unsatisfactory performance, the following due process procedures shall apply:

1. The principal will informally discuss with the educator the unsatisfactory performance and the changes necessary to improve.

2. If the unsatisfactory performance continues, the principal will meet with the educator to discuss the unsatisfactory performance, recommendations for assistance to the educator, and timelines for the necessary changes in performance.
3. If the unsatisfactory performance continues, the principal will make a written recommendation to the Superintendent to initiate the Intensive Evaluation process outlined below.
4. If the Superintendent approves the recommendation, the principal will send a letter notifying the educator of the decision and will meet with the educator to discuss the following:
 - a. the unsatisfactory performance;
 - b. recommendations for change in performance;
 - c. timelines for necessary change in performance;
 - d. suggestions for assistance to employee which may facilitate change in performance;
 - e. scheduled observation with pre- and post-conferences;
 - f. possible employment consequences including, but not limited to, disciplinary action or termination;
 - g. initiate and discuss the Intensive Evaluation process;
 - h. inform the employee of the mandatory right and requirement to go through the PAR process if there is an available Consulting Educator to work with the employee exhibiting unsatisfactory performance.

See Article 9 D5

5. The District will follow the Public Education Department regulations governing uncorrected unsatisfactory work performance in relation to the discharge or termination of educators due to uncorrected unsatisfactory work.
6. All reports and documents relative to the Intensive Evaluation process will be reviewed, signed, and dated by the principal and educator and attached to the completed Intensive Evaluation Report Form. These documents will be sent to the Department of Human Resources at the end of the process to be placed in the educator's personnel file. The educator will receive copies.
7. If the situation is resolved within the established timelines, a letter to that effect will be sent to the educator from the principal with a copy placed in the personnel file.
8. If the situation is not resolved within the established timelines, a case review will be conducted by the principal and other appropriate administrators to make recommendations to the Department of Human Resources for administrative action.

Article 14, PERSONNEL FILES

- A. There shall be one (1) file for each educator which shall be maintained in the Department of Human Resources. Except for files provided in Article 26, paragraph H., no other files shall be maintained except for duplicates of materials kept in the central files and information that the principals maintain prior to submitting to the Department of Human Resources.
 1. Materials directly and solely related to pre-employment references and references directly related to internal promotions where written references are required, shall be placed in a separate envelope in the file, and the contents shall not be subject to inspection by the educator.
 2. Except as provided in 1. above, materials in school or District files shall be subject to inspection by the educator.

K. Sick Leave

1. All active employees on matrices A-1, A-2, A-3, will accrue paid sick leave at the start of the contract year-as follows:
 - a. Those employed for one hundred eighty-four (184) days—ten (10) days, based on the formula $(184 \times 6.50 \times .055) = 65.52$ hours per year, accumulating up to 1300 work hours.
 - b. Community school coordinators shall accrue sick time as follows: $206 \times 8 \times .055 = 90.64$ hours per year, accumulating up to 1300 work hours.
 - c. Behavior management specialists shall accrue sick time as follows: $184 \times 8 \times .055 = 80.96$ hours per year, accumulating up to 1300 work hours.

- d. Earned sick leave will be prorated for late hires, mid-year contract changes, leaves of absence, retirees, and terminations.
 - e. The aforementioned formulas will be adjusted for individual employees who carry extended contracts for both accrual of sick leave and usage.
 - 1.) For example, an employee who carries a .2 extended contract will accrue sick time as follows: $6.5 \text{ hour duty day} \times 1.2 = 7.8 \text{ duty day}$. $184 \times 7.8 \times .055 = 78.936$.
 - 2.) An employee carrying a .05 extended contract will accrue sick time as follows: $1.05 \times 6.5 = 6.825 \text{ duty day}$, so, $184 \times 6.825 \times .055 = 69.07$.
 - f. Earned sick leave benefits may be used provided the educator is on paid duty status.
 - g. If an educator uses an amount of sick leave that exceeds the amount accumulated, the educator will be docked 1/184, as applicable, of salary for each day taken, except as provided for in paragraph M.
2. Accrued sick leave with pay from previous years will be made available to employees the next contract year.

When an educator is absent due to injury (incurred during the course of employment or related thereto), the unpaid difference between benefits paid under the Workers' Compensation Act of New Mexico and the educator's regular pay shall be paid by the District from accrued sick leave benefits. The first seven (7) days of absences due to injury shall not be subject to this provision.
 - c. When an employee becomes ill, is injured, or is required to care for a sick immediate family member, sick leave begins at the time of inability to continue to work, to the nearest half-hour. An employee who is already on annual leave, personal leave, or leave without pay, including parental leave may not be eligible to use sick leave.
 - 1.) Two (2) additional days of sick leave may be used where round-trip travel is six hundred (600) miles or more.
 - d. In case of illness which exceeds ten (10) consecutive workdays, the educator must submit a written notice to the Department of Human Resources stating the probable date of return together with a verifying physician's statement. Before returning, such educator must submit a physician's release (APS Return to Work Certificate).
 - e. Educators who have been off work for any medical reason for more than ten (10) consecutive workdays may be required to have an evaluation by a treating physician.
 - f. Earned sick leave benefits may be used provided the educator is on paid duty status.
 - g. Educators may use during the school year an amount of sick leave that will equate with the total number of hours earned per year prior to actually earning the sick leave hours each month. In the event an educator uses an amount of sick leave that exceeds the total earned for an entire year or terminates within the year, the educator will be docked one 1/183 (or 1/184 or 1/208, as applicable) of salary for each day taken except as provided for in paragraph M.
 - h. An employee who has acquired the minimum number of years of contributory employment to be eligible for retirement benefits under the Educational Retirement Board Act may now pay to have unused sick leave, earned from the member's contributory employment, and for which the member has otherwise not received payment, converted to earned credit. No reprisal shall be taken by the Board or any member of the administration against any educator participating in the processing of a grievance.

- I. The parties shall develop all forms to be used in grievance processing. All grievances and appeals of such must be filed on appropriate forms as provided by the Office of Labor Relations.
- J. The District agrees to make available to the aggrieved party and representative all pertinent information, not privileged, in its possession or control which is relevant to the issues raised by the grievance.
- K. Leave with pay will be granted to an educator whose absence from duty is required by the parties to the grievance as part of a grievance meeting. The Office of Labor Relations shall notify the principal(s) of the educator(s) designated to appear at such meeting.
- L. Nothing contained herein shall limit the right of any educator to process a grievance as an individual.
- M. The interpretation of conflict, as provided in Article I, B.2., shall be subject to the grievance process at Level Two.
- N. Any grievance decision shall be provided to the Federation at the time of the decision.
- O. Level One
 - 1. The aggrieved party shall submit the grievance in writing to the educator's immediate supervisor. The immediate supervisor shall, within fifteen (15) workdays after presentation of the grievance in writing by the aggrieved, submit to the aggrieved party the immediate supervisor's decision in writing.
 - 2. If the aggrieved party is not satisfied with the disposition of the grievance, the aggrieved party may appeal the decision to Level Two within fifteen (15) workdays of receipt of the decision by filing said appeal with the Office of Labor Relations.
 - 3. Failure to appeal the grievance within fifteen (15) workdays after receipt of the response shall result in dismissal of the grievance.
 - 4. In the event an educator believes it to be necessary to have a Federation representative present at a Level One grievance meeting, such request shall be made in advance and through the Office of Labor Relations. The request will be honored upon notification to the immediate supervisor.
- P. Level Two
 - 1. The Superintendent or designee shall meet with the aggrieved party and/or representative of the Federation within fifteen (15) workdays after receipt of the appeal of the Level One decision by the Office of Labor Relations to resolve said grievance. Parties to the grievance or their representatives shall have the right to submit evidence, give testimony, and call witnesses.
 - 2. The Superintendent or designee shall, within fifteen (15) workdays after such meeting provided above, render the decision in writing setting forth the decision and reason(s) therefore and shall transmit same to all parties.
 - 3. If the Federation and the aggrieved party are not satisfied with the disposition of the grievance, the aggrieved party may appeal the grievance to Level Three. Failure to appeal the grievance within fifteen (15) workdays after receipt of the response to Level Two shall result in dismissal of the grievance.
- Q. Level Three
 - 1. A grievance appealed to this level shall be heard by an Arbitrator for contractual disputes. Grievances based upon a proposed discharge or termination requiring a hearing before the School Board will be first heard by the members of the APS Labor Board, who will sit as "the Panel" described in the MOU Regarding the Appeal of Discharge and Termination Hearings. To the extent the Panel will not or cannot hold a hearing, APS and ATF will choose an arbitrator pursuant to Section 2 of this Article. This process does not preclude an employee from requesting a subsequent arbitration pursuant to the New Mexico State Personnel Act.
 - a. The Panel hearings, to the extent practicable, will be conducted pursuant to the rules governing appeal hearings for terminations and discharges as set forth in New Mexico Statutes Annotated (NMSA) § 22-10A-27 for discharges or NMSA § 22-10A-24 for terminations.

2. The Arbitrator shall schedule the hearing as soon as possible following acceptance of the appointment. The parties agree to make available all pertinent non-privileged information in their possession or control which is relevant to the issues raised by the grievance.
3. The Arbitrator may establish the rules of procedure and, at the Arbitrator's discretion, may require the parties or witnesses to testify under oath or, upon demand of either party, shall require the parties or witnesses to testify under oath.
4. The Arbitrator's report shall be prepared and submitted in writing only to the District and aggrieved party, within thirty (30) calendar days after the first meeting, and shall set forth the findings of the fact, rationale, conclusions, and the determination on the issues submitted. The determination shall be consistent with law and with the terms of this Agreement.
5. The Arbitrator shall have no power to alter, amend, add to, or subtract from the terms of this Agreement.
6. The determination of the Arbitrator on matters set forth in this Agreement shall be final and binding.
7. The determination of the Arbitrator shall be acted upon within thirty (30) calendar days.
8. The cost for the service of the Arbitrator shall be shared equally by the District and the aggrieved party. Unless the aggrieved party is represented by the Federation, the District may require that the aggrieved party post their share of the expenses in advance of the hearing.

Article 27, DISCIPLINARY ACTION

- A. Educators have the right to be accompanied by a Federation representative to advise or represent them during meetings where a suspension, reprimand, disciplinary action, and/or pay reduction is/are being considered. Educators may request to be accompanied by a Federation representative to advise them during a meeting with their principal or supervisor on related matters. Such request shall not be unreasonably denied. Educators may be suspended, reprimanded, disciplined, or have their pay reduced only for good and just cause.
- B. The superintendent may suspend, reprimand, transfer, discipline, or reduce an educator's pay only for good and just cause.
 1. An educator shall be notified and upon request have the right to notification in writing with the reason(s) therefore and shall have the right of appeal as provided in Article 26, P. if requested within ten (10) workdays after the action is taken.
 2. Any educator suspended shall be suspended with pay until determination of the action to be taken is made. If an educator is suspended with pay pending an investigation, the District shall conduct an administrative meeting with the educator as soon as practicable but no later than ten (10) workdays after the investigation is completed. If it is determined following the investigation that loss of pay to the educator is warranted, such reduction shall become effective retroactive to the first day of suspension.
- C. The parties have a mutual interest in developing a reasonable suspicion protocol that not only ensures the safety of the students and APS employees, but also protects the rights of the employee involved.
 1. Reasonable suspicion is based on specific, contemporaneous, and articulable observations that can be described concerning appearance, behavior, speech, or odor of the employee.
 2. Before a supervisor requests an employee to respond to questions concerning reasonable suspicion, the employee shall immediately be informed of their right to contact their ATF representative (i.e., Weingarten rights) as established by the U.S. Supreme Court.
 3. The parties agree to the following protocol for determining reasonable suspicion and for testing:
 - a. Reasonable suspicion must be documented at or immediately following the time of observation by the initial observing supervisor.

- b. Initial observations must be made by a supervisor who has, within the previous twelve (12)-month period, been trained to determine reasonable suspicion of impairment due to alcohol or drug use.
- c. The supervisor will then contact APS Department of Human Resources to report the initial reasonable suspicion. If APS Department of Human Resources determines there is reason to believe an employee is impaired based upon the initial observation, APS Department of Human Resources will arrange to have another party complete a second evaluation.
- d. The initial observation must be corroborated by a second evaluator who also has been trained to determine reasonable suspicion of impairment due to alcohol or drug use. The second evaluator must also document their observations at or immediately following the time of observation.
- e. If the second evaluator determines there is reason to believe that the employee is impaired, the employee will be transported to a drug testing location. Testing must be completed within the same day as the observation.
 - 1) The District will provide transportation to and from the testing location.
 - 2) If testing corroborates employee impairment, the district will provide safe transportation home.
 - 3) The employee will not be authorized to operate an automobile on school property for twenty-four (24) hours after the completion of testing, or until released from this restriction by the Department of Human Resources.

Article 28, SEPARATION RIGHTS

- A. Educators may be refused renewal of employment, discharged, or terminated only in accordance with law.
 - 1. Educators who have not signed three (3) consecutive full-year contracts with the District may be refused reemployment by the District.
 - 2. Employees who are not renewed for any reason will receive a written notice of the reason(s) for refusal of reemployment within 72-hours of the original notice.
 - 3. Educators refused renewal of employment, discharged, or terminated have the right to a meeting with the Superintendent or their designee if requested within five (5) working days after receiving the notice. A meeting will be held within ten (10) days after the Superintendent receives such request.

Article 29, HEALTH AND SAFETY

- A. The District agrees to continue to provide conditions for work that are healthy and safe. In furtherance of this, the District agrees to continue to provide working conditions which are in conformance with applicable rules and regulations.
- B. The parties agree that all educators shall observe all health and safety rules.
- C. Employees shall not be required to perform duties which would endanger their health, safety, or well-being, nor will employees be required to work under unsafe and/or hazardous conditions, as determined by the New Mexico Department of Health and/or the New Mexico Department of Occupational Safety and Health.
 - 1. Educator complaints of unsafe or unhealthy conditions shall be reported to their immediate supervisor, who shall notify the appropriate district level supervisor within 24 hours of the needed support to resolve the issue.
 - a. Before a grievance may be filed, the District shall have ten (10) duty days from the day the supervisor was informed to act on the complaint. The timeline for the filing of a grievance shall commence at the conclusion of the district's ten (10) day period for action.

- b. All educators shall be provided a safe, healthy, and appropriate alternative workspace while the complaint is being addressed.
 - 1.) The district and/or the immediate supervisor shall notify the employee when they may return to their assigned workspace.
- D. The parties agree that there shall be a health and safety committee in each school. Composition of the committee shall be determined by the principal and faculty. Said committee shall:
 - 1. Make a reasonable effort to become knowledgeable in health and safety rules and regulations;
 - 2. Meet and discuss working conditions with respect to health and safety; and
 - 3. Make recommendations to appropriate parties.

Article 30, NO STRIKE PROVISION

- A. The Federation agrees that neither the Federation nor its members will engage in a strike.

Article 31, DURATION OF AGREEMENT

- A. This Agreement shall be effective upon ratification by the parties as of August 18, 2021 and shall remain in full force and effect through July 1, 2022. If a successor Agreement is not agreed to and ratified by July 1, 2022, this Agreement shall remain in effect until agreement and ratification occur or either party gives notice in writing of its desire to terminate such Agreement.
- B. Salaries, pay differentials and insurance premiums shall be opened each year of this Agreement. Such negotiation shall begin on or before April 1 of each year or as agreed to by the parties.
 - 1. Financial negotiations may be reopened upon changes to the State Equalization Guarantee (SEG) unit value.
- C. This Agreement may be altered by mutual consent of the District and the Federation. Such alterations will replace or add to this Agreement and be in full force and effect only upon approval in writing of both parties.

APPENDIX E – TIME CHART

The Negotiated Agreement and District practices allow for additional time and flexible scheduling to be used for professional development and other school-specific functions. The chart below clarifies how the time can be used and who determines how it is used.

Article of agreement and/or description	What	Who decides
5, C.4. Lengthening of the duty day (see page 15)	The duty day can be extended up to two (2) hours every twenty workdays. The time must be used for school business and must be attached to the duty day. In other words, educators cannot be required to return to work in the evenings.	<i>Principal/Supervisor can use these hours at their discretion.</i>
5, C.5. Professional Development time (see pages 15 and 32)	Schools may utilize up to an additional thirteen (13) hours annually for professional development activities collaboratively planned through the Instructional Council. Any district-mandated training will be included in these hours in accordance with the procedures outlined in Appendix D.	<i>It is the Instructional Council's responsibility to:</i> <ul style="list-style-type: none"> • <i>Decide in collaboration with the whole staff whether or not to use up to 13 hours annually for professional development;</i> • <i>Come to consensus with the staff on the content of the professional development;</i> • <i>Come to consensus with the staff on the scheduling of up to 13 hours annually for professional development.</i>
5, C.6. Federal, state, or judicial training requirements (see page 15)	Up to fourteen (14) hours per school year can be used if required by a federal, state, or judicial mandate.	<i>The District notifies educators of the training and the entity requiring the training.</i>
“Banking” of instructional time	Schools sometimes extend the student instructional day to get blocks of time for school-specific activities. By extending the instructional day, schools meet state requirements concerning instructional time. This provides time when students are excused from school so that staff can have time for professional development, in-service, training, etc.	<i>It is the Instructional Council's responsibility to:</i> <ul style="list-style-type: none"> • <i>Decide in collaboration with the whole staff whether to bank time;</i> • <i>Work collaboratively with the whole staff to decide the content of the professional development and the date or dates it will be held.</i>

APPENDIX H – DEPARTMENT CHAIR ELECTION GUIDELINES

GENERAL CONSIDERATIONS

Below are questions to be answered by the department, before the first nomination is made and certainly before the first ballot is cast. Each school may have a different view on each question, but there should be agreement on these issues before the process continues.

1. **Determine the method of election/selection outlined in the Negotiated Agreement under Article 6.E.** Will an election be conducted, or will the names of two or more persons be submitted to the principal for their selection?
2. **Determine the universe of voters. Who is eligible to participate in the election?**
 - All certified staff who work in the department?
 - Does this include part-time employees? Contract employees? All ancillary personnel? Itinerant ancillary persons, such as OTs, PTs, who may visit the school only once or twice a week?
 - What about employees who teach in two or more departments, e.g., language arts and social studies? Do they vote in the department even if they only teach one class in that particular department?
 - If a teacher will be transferring or retiring before the start of the following school year, should that person be eligible to vote?
3. **Determine the definition of vote.**
 - One person, one vote? This is the usual practice.
 - Does the "vote" of someone who is part-time (e.g., a .2 FTE) count the same as someone who is full-time?
 - Should there be a "weighted" vote? Should a "vote" be based on the number of periods a person is in the department? For example, someone who teaches six periods per day in a department would have six votes. One who teaches two periods per day would have two votes. How would this apply to itinerant people like Adaptive PE teachers and OTs?
4. **Specify how a winner is determined.**
 - Should the winner be elected by a simple majority of the votes cast, that is 50 percent + one?
 - If there are multiple candidates, should a runoff election be held, or should the winner be the candidate who receives a plurality of the votes?
5. **Determine, publish, and distribute the timeline and procedures for the election.**

PROCEDURAL RECOMMENDATIONS

- **Decide on a calendar for the election.** In highly contested elections, it is recommended that the following take place:
 1. Have a nomination period of several days.

2. Post the nominations in the lounge during and after the nomination period.
 3. Conduct a department meeting in which each candidate can make a statement of their reasons for seeking the position and to answer questions by department members.
 4. Election Day(s)—Announce when the voting day(s) will be well in advance.
- **Post or distribute the election calendar, voting procedures AND the list of eligible voters, as decided by the department.**
 - **It is recommended to conduct voting for at least two days and to develop a procedure for absentee voting, in case someone is sick or will be off campus during the election period.**
 - **Print official ballots and secure a ballot box.** If you can, obtain the use of a ballot box that can be locked. Place the ballot box in a public location for the voting period.
 - **Make sure to clarify the times for voting and for counting the votes.** At the close of balloting, count the votes in the same public location. Invite everyone to the vote count.
 - **The election procedures should specify what will happen in the event of a tie.** Will a tie be broken by a coin toss, or drawing high card or other chance drawing? The tie-breaker method should be agreed upon by both candidates, and understood by everyone, before the first vote is cast.

These guidelines have been developed from past experiences where voter eligibility and procedures have been at issue. It is strongly recommended that you plan for every contingency to ensure the integrity of the election.

APPENDIX I – ATF/APS CONFLICT RESOLUTION PROCEDURE

Refer to Article 25 of the Negotiated Agreement

The following process is an available option that may be used when a conflict exists between a supervisor and employee which the two parties have not been able to resolve on their own and the issue:

1. does not rise to the level of a grievable matter, but does warrant resolution; or
2. is grievable, but the employee does not wish to begin resolution efforts through the formal grievance procedure. If the grievance procedure would normally be available, any applicable timelines involved in the formal grievance procedure would be frozen or held in abeyance until such time as one or both parties voluntarily withdraw from the conflict resolution procedure.

It is understood that the conflict resolution procedure is voluntary and that both parties would have to agree to enter into the process to seek a remedy in the manner outlined below.

Stage 1. Face to face meeting between the parties occurs at a location offsite if requested by one or both parties. At this meeting, each party is given the opportunity to state the problem as they see it and respond to the other individual's issue and or perspective. At this point, the parties involved in the conflict may each ask for the assistance of a representative to assist in attempting to resolve the matter.

Either party or both parties may ask to have a third-party ombudsman (trained in conflict resolution strategies) accompany them at this time—not as an advocate—but as a facilitator, with the purpose being to find a resolution to the conflict. The ombudsman would be selected from a cadre of trained facilitators.

Process: Allow for adequate time to resolve the matter. This could be limited to a set number of days or end with a notice from one party to another that they want to move on to mediation.

If resolution occurs—matter closed.

If problem is not resolved, then both parties agree to move to the second stage.

Stage 2. Mediation between the parties occurs with one or more trained mediators from EAP with the goal of reaching a resolution to the conflict.

Process: To activate the mediation process, indicate in writing on a form, developed for this purpose, that there is a dispute needing resolution through mediation. Submit copy of form to Employee Assistance Program to request the mediation process formally begin.

Protocol: Mediate in good faith

- This includes a requirement of confidentiality
- Open sharing of information
- Promptness and observation of timelines
- No steps are taken toward grievance or arbitration until the whole mediation process is completed.

If resolution is reached through mediation, a written agreement is signed by both parties with both parties agreeing to abide by the resolution. If no resolution is reached, a written statement to that effect is signed by both parties. Other avenues for resolution may be pursued if available.

The District and the Federation agree that, as funds become available, an additional differential of \$2,800.00 will be allocated for an additional Elementary Head Special Education Teacher at school sites where head teachers currently have no time released within the duty day.

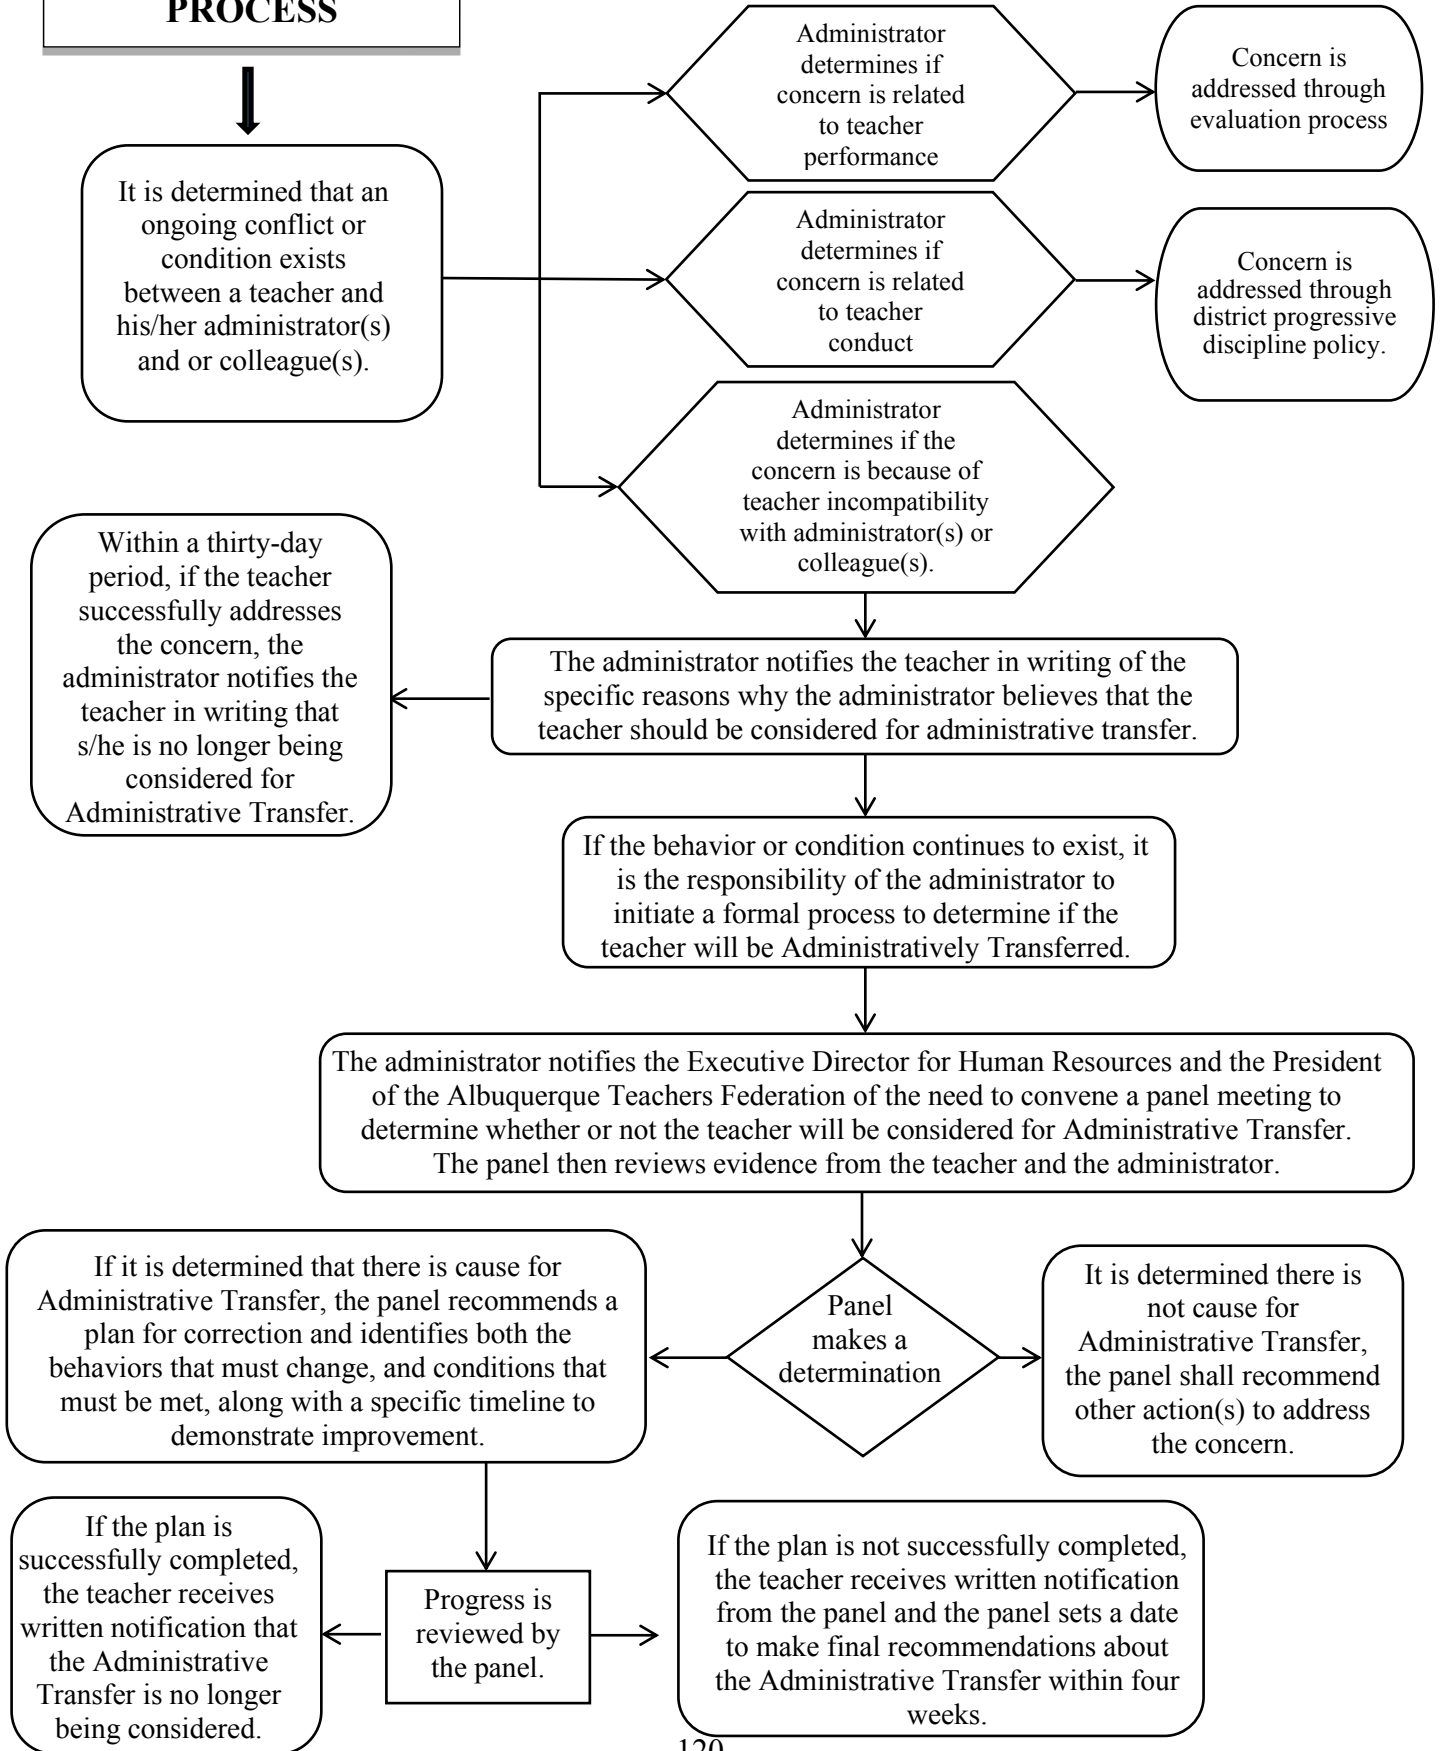

Allocations will be prioritized based on the Special Education Department's criteria including the greatest number of Special Education programs at the elementary site and a large number of programs serving Intensive Global Support 1 (IGS1), Intensive Global Support 2 (IGS2), Social Communication Support (SCS1 or SCS2 or SCS3), Social Emotional Support 1 (SES1), and Social Emotional Support 2 (SES2) students.

J.3 Administrative Transfers

- A. The parties have a mutual interest in establishing an Administrative Transfer process that is fair and addresses concerns not related to teaching performance or issues related to conduct. The pilot process in this agreement shall continue to be in effect for the 2011-2012 school year.
 - 1. The parties agree to evaluate the effectiveness of the process during contract negotiations for the 2012-2013 contract.
 - 2. The parties agree that the process included in this agreement will be used when determining whether an educator can be administratively transferred from one school or site to another.
 - 3. As part of the process in this provision, the parties agree to establish a panel consisting of one member from the District, one member from the Federation, and, if one or both parties deem it necessary, one member from the Federal Mediation and Conciliation Service (FMCS).
- B. Administrative Transfer Process
 - 1. If there is an ongoing conflict or other condition that exists between an educator and his or her administrator(s) and/or colleague(s), it is the administrator's responsibility to determine if the concerns about an educator are related to teaching performance that should be addressed through the evaluation procedure or specific conduct that should be subject to the district's progressive discipline policy.
 - 2. If the administrator determines that the actions of the educator or other conditions result in the educator being incompatible with the administrator or colleagues at the school, the administrator will notify the educator of the specific reason(s) in writing why the administrator believes that the educator should be considered for an Administrative Transfer.
 - a. Employees will have a minimum of one month to demonstrate that the concerns have been addressed.
 - b. It is recommended that the parties meet periodically, even after the issue is resolved.
 - 3. If, after being notified of the concerns, the behavior or condition stops or ceases to exist, the administrator will notify the educator in writing that he or she is no longer being considered for an Administrative Transfer.
 - 4. If the behavior or condition continues to occur or exist, it is the responsibility of the administrator to initiate a formal process to determine if the educator will be administratively transferred.
 - a. The administrator will notify the Executive Director of Labor Relations and the President of the Albuquerque Teachers Federation (ATF) that they want to convene a meeting of the panel to determine whether the educator will be considered for an Administrative Transfer.
 - b. The panel shall convene and review the evidence presented by the administration and the educator. Both the educator and administrator can be assisted in the presentation of information by a representative or advisor of their choosing at this and any meeting of the panel throughout the entire process.
 - c. The panel will determine if the behavior or condition could warrant an Administrative Transfer.
 - d. If the case does not meet the panel's criteria the panel shall notify the administrator and the educator why and recommend action the administrator could consider to better address the concerns. These could include, but not be limited to, using the evaluation process to correct behavior or the district's progressive discipline process to address

- conduct issues. The panel could also recommend that the educator and administrator seek mediation services from the district's Employee Assistance Program.
- e. If the behavior or condition meets the criteria for an administrative transfer, the panel will recommend a plan delineating specific behaviors and conditions that must change and establish a timeline for improvement that shall be no longer than six (6) weeks in duration.
 - f. The plan shall be provided to the educator, the site administrator, HR and ATF.
 - g. At the end of the established timeline, the panel shall reconvene to hear of the progress or lack of progress made. If the educator has successfully completed the steps, they shall be notified of expectation that the behaviors or conditions within the educator's control become permanent. At this point the educator shall be notified if they are no longer being considered for an Administrative Transfer.
 - h. If the conditions of the plan have not been met, the panel will notify the educator and set a final meeting date no later than four (4) weeks later to make a final recommendation about the process and timeline for the Administrative Transfer.
- C. If, at any point during the process, the administrator wishes to remove the educator from consideration for an Administrative Transfer they may do so.
 - D. Educators may seek a voluntary transfer in accordance with Article 16, B. of the agreement at any time during the process.
 - E. If, while on the Administrative Transfer plan, new problems are identified, the behaviors or conditions related to the problems could be addressed by the panel.
 - F. If an educator successfully meets the conditions of the plan but the problems originally identified arise at the same school site with the same administration, the educator shall be notified of the problem and the administrator shall notify ATF and HR of the need to convene the panel. The panel shall determine if the behaviors and conditions are the same or similar to those that led to the panel placing the educator in the process. If so, the panel shall convene a meeting to hear evidence and determine if the educator should be transferred.

ADMINISTRATIVE TRANSFER PROCESS

J.4 Testing Coordinator Responsibilities and Compensation

The District and the Federation agree to negotiate language creating a differential for the teacher leadership position of School Testing Coordinator as funds become available for the compensation of this position.

The School Testing Coordinator:

- Coordinates and organizes all testing activities at the school site.
- Develops and orchestrates the testing schedule and testing logistics for the site.
- Attends all mandatory district meetings to receive appropriate training in state testing guidelines
- Provides appropriate training at the school site to individuals who will administer standardized tests to ensure proper testing protocols, procedures, and test security measures are followed.

- Reports all testing irregularities to the district testing manager.
- Coordinates with the head special education teacher to ensure that appropriate testing accommodations are made available for special education students who require such accommodations.
- Coordinates with the ELL teachers to ensure that appropriate testing environments are made available for ELL students.

For the 2022-2023 school year, the .6 FTE will remain the same for high schools. The position is not an elected position.

Middle schools will receive a .2 FTE for the position.

For alternative high schools, and elementary schools the following formula will be implemented:

Based on school enrollment:

0 to 500 students	= \$5,000
501 to 1,000 students	= \$7,000
1,001 and above students	= \$10,000

Additionally, an at-risk index will be applied to schools as below:

0-1.5	= no additional funding
1.6 to 2.0	= additional \$1,000
2.1 and above	= additional \$2,000

Decisions about how to disburse the funds available to best support the testing responsibilities will be collaboratively planned through the Instructional Council. Only employees in the teacher bargaining unit, the site principal and assistant principal(s) are eligible to receive testing coordinator compensation. Schools may also use testing coordinator funds for substitutes.

Each school must identify a Testing Coordinator who will serve as the point of contact and liaison between the district and the school site and must meet the expectations of the district as the testing coordinator.

J.5 Voluntary Transfer of a Full-Term Employee into a Short-Term Position

Full-term teachers may be offered and may accept a teaching position that has been identified as a short-term position; however, they shall do so with the understanding that if that position is no longer available at the conclusion of the term of that position, then they will be placed on the must hire list for reassignment into a position for which they are qualified elsewhere in the District. (Employees who work at a traditional calendar school cannot take a short-term position at an alternative calendar school and alternative calendar school employees cannot take a short-term position at a traditional calendar school.)

They shall do so with the further understanding that they are waiving any rights to remain in the short-term assignment and/or at the location site regardless of their seniority or qualifications, beyond the stated length of the short-term assignment which shall be for the remainder of the school year. These employees are free to pursue a voluntary transfer to another assignment prior to their being placed from the Must-Hire list.

Waiver of Rights of Full-term Teachers Accepting Transfer into a Short-term Position

I (name of employee) _____ accept temporary assignment as a voluntary transfer to the short-term position of (position description) _____ at (location) _____ with the understanding that the duration of the assignment shall be until (date assignment concludes) _____. I understand that following the conclusion of the assignment, I will be subject to placement on the must-hire list for assignment to another position and that I am free to exercise my right to seek a voluntary transfer at that time.

Signature of employee accepting short-term position

Date: _____

J.6 Staff Feedback on Principal Performance

The parties agree that one essential component of a productive principal evaluation system is staff feedback. Toward that end, the District and the Federation agree to start using a jointly created instrument for the 2013-2014 school year.

See APPENDIX K, *APS PRINCIPAL SURVEY*, page 131.

J.7 Sick Leave Task Force

ATF and APS agree to establish a task force with all six (6) bargaining units and all employee groups during the 2015-2016 school year.

The members of this task force will make recommendations regarding various sick leave plans, PTO plans, and district-wide meritorious attendance programs.

The task force will include representatives from all six bargaining units and all employee groups in APS and therefore the recommendations will be inclusive of all those concerned.

The task force will begin no later than September 15, 2015 and end no later than February 15, 2016.

J.8 Air Force JROTC Instructors: Reductions in Air Force Contributions for JROTC Instructors' Summer Work

As a result of the 2014 reduction in the Air Force contribution for Air Force JROTC Instructors' summer work, APS and ATF agree to the following:

Starting July 01, 2014, APS will not pay the two months of military contribution of the Minimum Instructor Pay (MIP) that the Air Force Headquarters no longer pays to the JROTC programs.

APS will continue to pay the school district's portion to the MIP.

All AF JROTC instructors remain on a two hundred sixty (260)-day, 12 month contract.

AF JROTC instructors work with the APS JROTC leader to agree upon time worked during the summer months, in accordance with Article 5.C.12.

This MOU will be reviewed by both parties in the spring of 2015.

J.9 Leave Task Force

ATF and APS agree to establish an APS/ATF Task Force on Leave during the 2016-2017 school year. The members of this task force will make recommendations about the following:

A transition from the two (2) categories of personal leave and sick into one (1) category called "leave."

A district-wide meritorious attendance program.

The Task Force will include representatives from various employee groups in APS and therefore the recommendations will be inclusive of all those concerned.

APS/ATF Task Force will be made up of no fewer than three (3) and no more than six (6) administrators selected by the district and an equal number of educators selected by the union.

J.10 Principal and Teacher Accountability and Assessment Advisory Councils

The Principal and Teacher Accountability and Assessment Advisory Councils working with the staff of the Office of Accountability and Reporting have reached six essential agreements around assessment in Grades K-12.

1. Essential to a quality assessment system is capacity building to support teachers in designing and using authentic assessments and capacity building for principals around assessment literacy and the appropriate uses of assessment.
2. In keeping with the goal of maximizing instructional time, the District will mandate only essential assessments over and above those mandated by statute or rule from PED.
3. Those few district assessments must support instructional decision-making for students, reporting to parents, and support program improvement efforts at the classroom, school, and district levels.
4. Any district-mandated assessments will be aligned to standards (not curricula or programs), will be clearly communicated to teachers and principals, and the reason for these assessments will be articulated not only to principals but also directly to teachers who are affected.
5. District-mandated and district-offered (optional) assessments will be jointly reviewed and selected by principal and teacher representatives and recommended to all members of these role groups for review and comment.
6. The current format of state-mandated assessments limits their usefulness; results may be used to establish broad trends of performance but are not appropriate for individual student planning. The Councils support limiting the use of these assessments at the district-level to these described uses.

ATF and APS agree to establish a Task Force during the 2017-2018 school year to review the agreements and make recommendations to the APS/ATF Living Contract Committee about implementing the essential agreements.

The APS/ATF Essential Agreements around Assessment Task Force will be made up of no fewer than 3 and no more than 6.

J.11 Special Education Teacher Preparation Time

The parties have a mutual interest in ensuring that special education teachers receive sufficient preparation and planning time.

- A. The parties agree to the following:
 - 1. Before the beginning of each school year, secondary schools will submit a plan detailing how preparation periods/times are scheduled. If preparation time is scheduled for teachers through coverage by non-licensed employees, the lesson or activity should be associated with the class curriculum and/or students' IEPs.
 - 2. Teachers shall not be required to send classes to another teacher (who has a class of students) to get their preparation period.
 - 3. Each elementary school shall strive to equalize the amount of preparation time general and special education teachers receive. Each elementary school shall submit a plan detailing how it has tried to equalize the amount of preparation time general and special education teachers receive.
 - 4. The establishment of a joint panel to make determinations or offer recommendations about conflicts or problems associated with issues related to this memorandum of understanding and any future agreements related to the topic of special education preparation time.
- B. The parties agree to discuss and attempt to reach conceptual agreements on the following issues prior to the start of 2012-13 negotiations:
 - 1. Ways in which special education licensed personnel can be assigned to school sites (either one school site or, if funding is not available, multiple sites) to free up time for preparation and planning for teachers. Increasing licensed personnel would allow teachers to get preparation time and ensure that students receive instruction from a licensed teacher.
 - 2. Assuring that scheduled recess times at elementary schools designated as preparation time include all special education teachers.
- C. The parties agree to jointly research the financial impact of creating elementary school schedules that allow for meaningful and educational activities and/or lessons to be conducted by an educational assistant during specials and physical education instruction.

J.12 High School Senior Schedules

J.14 Teacher Leader Facilitators 2020-2021

MEMORANDUM OF UNDERSTANDING

Teacher Leader Facilitators 2022-2023

BACKGROUND:

APS and ATF believe that professional development (PD) is most effective when it is site-based, embedded in everyday work, and offered “just in time.” To that end, we are dedicated to a PD structure that includes:

ISS- Instructional Support Specialists (District)

Creates and delivers face-to-face and online PD in support of district academic goals and initiatives.

TSS-Teacher Support Specialists (Zone)

Supports individual zones, schools, and teachers through support of teacher leadership and delivery of school-based PD.

TLF-Teacher Leader Facilitators (School)

Differentials allocated to schools to support school-based instructional support.

THE GOALS OF THE PD STRUCTURE INCLUDE:

- Provide support for District-level programs and materials implementation.
- Address individual school and zone goals and needs.
- Build teacher leadership capacity in all schools.
- Broaden the modes of accessing professional learning.
- Meet teachers’ individual professional learning needs.
- Support the transition to restorative practices in schools.
- Provide for equitable access across zones and school levels.

ALLOCATION INFORMATION:

Teacher Leader Facilitators (TLF) at each site will receive a \$4,000.00 differential. The number of allocations at each school will be based on the number of staff at a ratio of approximately one (1) TLF per thirty (30) classroom teachers. The differential amount and TLF ratio may be adjusted annually based on Title II funding. If possible, any change in the amount of the differential will be communicated by May 1 of the preceding school year so ongoing or incoming TLFs and school sites may make informed decisions.

- Teacher Leader Facilitators are elected by, and must be from, the constituency they serve: all general and special education classroom teachers.
- For the purposes of this position, “classroom teacher” is defined as any person with students assigned to them through Synergy in a class other than Advisory with a minimum assignment

of .6 FTE as a classroom instructor.

- Teacher leader facilitators will serve a two (2)- year term and be governed by the same procedures present in the Negotiated Agreement for all other elected teacher leader positions. Instructional Councils may decide in advance to stagger elections so that consistency in the TLF group is maintained.
- To determine the number of differentials/TLF positions at each site, add the total number of general education and special education teaching staff assigned to the school and divide by thirty (30). Then, round up or down. For example:
 - If your site has thirty-four (34) licensed teaching staff, you will be allocated one (1) differential.
 - If your site has forty-five (45) licensed teaching staff, you will be allocated two (2) differentials.
 - If your site has seventy-five (75) licensed teaching staff, you will be allocated three (3) differentials.
- For questions about the number of differentials, please refer to the APS intranet Curriculum and Instruction department page.

JOB DESCRIPTION: Teacher Leader Facilitator (TLF)

In addition to regular classroom duties, the TLF is an instructional leader who collaborates with the Instructional Council and administration to provide support for the professional development needs at the school level in conjunction with school goals and individual adult learning needs. TLFs have the responsibility and discretion to design PD based on the agreed-upon topics and intended audience. TLFs are also expected to regularly collect formal and informal feedback from their constituents. TLFs will not serve in an administrative or supervisory capacity. TLFs will utilize appropriate strategies for adult learners, such as:

- Valuing the experiences and knowledgebase of the adult learners
- Maintaining relevancy, applicability, and practicality
- Integrating opportunities for sharing and empowerment
- Making experiences convenient
- Allowing for feedback to be given and received by facilitators and participants
- Providing choice and flexibility when applicable
- Appealing to various learning styles and content areas
- Engaging all learners
- Building professional relationships and shared knowledge
- Utilizing hands-on, interactive learning techniques
- Modeling research-based teaching practices

TLFs should expect to dedicate an average of two (2) to three (3) hours a week to the work of being a TLF. This work may include tasks such as meetings, planning, research, facilitation of professional learning opportunities, and support for newer teachers and long-term substitutes.

For the 2022-2023 school year, TLFs are expected to participate in their own professional development. TLFs will be required to attend one full day of professional development each semester and will also be expected to attend up to three sessions outside of the duty day per semester. These trainings will be provided by C&I. There may also be opportunities for TLF PD during the summer.

Specific resources for TLFs can be found at the TLN Support website:
<https://sites.google.com/aps.edu/tlnhub/content-resources?authuser=1>

Site-Based Job Description Decisions

TLFs will be elected by the constituency they serve: all regular and special education classroom teachers.

To conduct the TLF elections, refer to guidelines for leadership elections in Appendix H on page 109 and adapt as necessary. For questions or support, reach out to APS Department of Human Resources or ATF.

Prior to the election, all candidates should respond to the candidate questions below and their responses should be made public to the universe of voters.

Candidate Questions for Elections:

Candidates for the TLF position(s) will provide responses to the following questions and submit the responses to the site principal(s) and the Instructional Council so that they may make the response available to all voting staff members before an election occurs. Sites can adjust and augment these questions.

PROGRAM EVALUATION

Feedback from all stakeholders, including district and site personnel, will be utilized to adjust the model annually.

In addition, if there are site concerns about the Teacher Leader Facilitator's ability to fulfill their responsibilities, the following procedures will be followed:

1. The principal will contact the TLF about the concern with their ability to fulfill the responsibilities based on the TLF job description.
2. If the concern continues, the principal will meet with the teacher again and document the concern.
3. If, after support is provided and the concern persists, a meeting will be scheduled with the TLF. Attendees at the meeting will include the TLF, the site principal and a representative from ATF and the Department of Human Resources.
4. Possible termination of the teacher's TLF position also may be determined at this time.
5. The TLF job description will serve as the evaluation tool.

Note: The Title II money that funds this program is based on federal and state grant money and, as such, the continuation of the program will be determined on a year-to-year basis.

The goal of all C&I PD is to ensure that there is a focus on the instructional pillars of Equity and Access for all Students and Staff; High-Quality, Equity-Driven Instruction for Every Student; and Social and Emotional Learning.

The district support focus for the 2021-2022 school year will be:

- Social Emotional Learning (SEL) techniques interwoven into daily practice and school structures.

J.18 Staffing Schools for the Needs of Students Task Force

Memorandum of Understanding Staffing Schools for the Needs of Students Task Force

Support staff can have profound effects on student learning and are vital to properly addressing everyday student issues such as physical and mental health problems, homelessness, and other adverse childhood experiences.

Working conditions—which also define learning conditions for students—are a strong predictor of educators’ decisions about where to teach and whether to stay. Appropriate staffing for the needs of students is an essential aspect of teaching and learning conditions.

Supporting student mental health in APS is a critical step to addressing the predictability of disparities by race, socioeconomic status, and disability, and will accelerate learning and achievement for all students.

Student mental health needs are best served when the school community is supported by a team of trained professionals and support staff including Licensed School Social Workers, Licensed School Counselors, Licensed School Psychologists, Licensed School Nurses, and Behavioral Support Specialists or equivalent educational support professional staff.

Each public school servicing students in Grades PK—12 should have a Mental Health Team comprised of staff in these positions. These individual positions will each play a distinct and important role in providing complementary mental and physical health supports to students. Students identified as requiring special education services deserve the very best service as provided by Speech and Language Pathologists, Occupational Therapists, Physical Therapists as well as Diagnosticians and School Psychologist Evaluators.

We must begin the work to staff schools based on the needs of students. To that end, APS and ATF agree to form a task force to investigate caseload limits and staffing levels for Essential and Related Service Educators.

Furthermore, the Task Force should make recommendations on how to attract the appropriate workforce into these categories and into employment with APS.

J.19 Essential and Related Educator Staffing Levels and Use of Contract/Telepractitioners Task Force

Memorandum of Understanding

Essential and Related Educator Staffing Levels and Use of Contract/Tele-Practitioners Task Force

During the 2021-2022 school year, ATF and APS agree to establish a joint Task Force for the purpose of making recommendations for the attraction and retention of APS practitioners in all essential and related service role groups represented by ATF and establishing procedures for the use of outside contract and/or tele-practitioners. The task force will:

Research ways to promote the hiring of APS employees and posting of all individual vacancies available instead of “pool” style postings.

Seek that all current openings be posted online, with interviews scheduled for all applicants until existing openings are filled.

Create a system for existing employees in all shortage areas to be offered the opportunity for extended contracts before contractors and/or tele-practitioners are hired.

Research what could be offered to current and future APS employees that would entice them to work for APS rather than as private contractors.

Research the true costs associated with APS’s use of outside contract and tele-practitioners, including a salary analysis of outside practitioners compared to current APS practitioners, their use of APS resources such as offices, printing, and educational and evaluation materials, and any possible liability issues.

Discuss the benefits to students of having a dedicated and consistent APS practitioner working with them and research possible limits on the use of outside practitioners.

Research ways reduce and eliminate poaching by contractors and/or tele-practitioners of current APS employees and their agencies’ use of district resources.

Finally, research and establish caseloads for each role group that would constitute a full-time caseload within APS.

APS/ATF Task Forces will be made up of no fewer than three (3) and no more than six (6) administrators selected by the district and an equal number of educators selected by the union.

J.20 Review of the Role and Responsibilities of Testing Coordinators

MEMORANDUM OF UNDERSTANDING Review of the Role and Responsibilities of Testing Coordinators

The members of this task force will make recommendations for possible changes in current contract language and differentials based on the current required testing at each level of schooling.

APS/ATF Task Forces will be made up of no fewer than three (3) and no more than six (6) administrators selected by the district and an equal number of educators selected by the union.

J.25 Mountain School Closure

Mountain Schools Closure Memorandum of Understanding

- All A-Schedule employees (including teachers, counselors, and nurses) are contracted by Albuquerque Public Schools to work 6.5 hours per day for 184 days per school year. When schools are closed for snow days (or other unforeseen reasons), days are traditionally added to the end of the school year.
- This is not the case for APS mountain schools. These schools are A. Montoya Elementary School, San Antonito Elementary School, and Roosevelt Middle School. Mountain schools have additional instructional hours for students embedded in their school day so that when they are closed when the rest of the district is open, the instructional days do not have to be made up at the end of the school year. These additional instructional minutes are not equal to additional contract days.
- The additional instructional minutes are not equal to additional contract days. As such, A-schedule employees at mountain schools are expected to work on non-districtwide snow (closure) days. Working on mountain snow days does not include instructional work with students. Mountain snow day work may include, but is not limited to, virtual work such as grade level meetings, staff meetings, IC meetings, IEP meetings, SAT meetings, or individual planning. This work may be required as possible depending on access to technology and working internet.
- A-Schedule employees are not required to report to campus on closure days.

J. 26 Restorative Practices MOU

APS and ATF: A Mutual Interest in Moving Toward Restorative Practices

The District and the Federation share the belief that providing a high-quality education for the children of Albuquerque is the paramount objective our district. An essential element of this goal is helping students develop pro-social behavior and fundamental life skills, including:

- Recognizing and managing emotions
- Developing caring and concern for others
- Establishing positive relationships
- Making responsible decisions
- Handling challenging situations constructively and ethically

As the result of joint research and collaborative work, APS and ATF have developed a mutual interest in moving toward restorative practices in all schools. Restorative practices have proven to be a strong strategy in the development of pro-social behavior and fundamental life skills which can support students' connections to both staff and other students.

Restorative values and principles include dignity, respect, accountability, and fairness. Evidence is clear that restorative practices contribute to a positive school climate which in turn has been proven to prevent bullying, reduce disciplinary incidents and violence, increase attendance rates and academic achievement, promote student mental and physical wellbeing, and aid in educator retention.

We believe that restorative practices implemented with SEL programming is an opportunity to acquire and apply the knowledge, skills, and attitudes to develop healthy identities, manage emotions, achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions. By integrating these approaches together, restorative practices become a vehicle to develop students' SEL skills, which includes communication skills, kindness, empathy, and caring.

Social and Emotional Learning (SEL) Social and emotional learning is an integral part of child development and education.

Change requires intensive, carefully planned, and skillfully executed implementation. We acknowledge that strong, consistent leadership, trusting collaboration, system-wide communication, quality teaching, and high educator morale promote positive learning environments for students. We have agreed on the following implementation strategies for the 2022-2024 school years:

ONE: The Restorative practices/SEL Implementation Coordination Committee

The RP/SEL Coordination Committee role is to reduce or eliminate siloed efforts in the system. The committee will consist of representatives with experience and expertise in restorative practices and/or SEL from:

- The Office of Equity and Engagement
- The Office of Curriculum and Instruction
- The Office of Special Education
- The Office of Student, Family, and Community Support
- The Albuquerque Teachers Federation

The RP/SEL Coordination Committee will meet no less than monthly starting in August 2022 to communicate, coordinate, collaborate, analyze, plan, innovate, implement, and align efforts.

TWO: Shift School-Based Practices in 2022-23 and 2023-24

With the help and support of the counseling department and in coordination with middle and high school counselors, secondary schools will transition from In School Suspension (ISS) programs to Student Success Centers utilizing restorative practices.

The Office of Equity and Engagement, in collaboration with the Coordination Committee, will help to develop a prevention and intervention restorative practices guide for classrooms and schools.

A Conflict Mediation program will be implemented in elementary schools so that students learn how to resolve conflicts early in life, and with words.

The Counseling department, in collaboration with the Coordination Committee, will develop materials to distribute to every elementary school describing Conflict Mediation programs during the 2022-2023 school year. The program description will incorporate restorative concepts.

It is recommended that elementary schools create a student council with the intent of student ownership of the conflict mediation program.

Conflict mediation programs will be established through each school's instructional council by school year 2023-2024.

THREE: Modify Contract Language

Restorative and SEL practices should encompass not only student behaviors, but also staff behaviors, policies and procedures, pedagogical choices, curricular decisions, and schoolwide decision-making processes. As such APS and ATF agree to the following changes in Article 21: Student Discipline as a good faith effort in the transition from traditional consequence -based practice to restorative ones.

Article 21, STUDENT DISCIPLINE

- A. The District shall provide reasonable support and assistance to teachers educators as described in the Student Behavior Handbook APS Handbook for Student Success so they can maintain control and discipline while engaged in their duties and responsibilities. It is essential for the school staff to establish means for obtaining the cooperation of parents of students involved in discipline problems.

1. APS and ATF acknowledge the vital role of an effective discipline plan and culturally responsive restorative practices (see Appendix...) at the district level and for each school site.
 2. It is the goal of the parties to have a comprehensive district restorative practices policy in place and implemented by the 2025/2026 school year.

- C. The principal has the primary responsibility for administering the school's disciplinary discipline policy. In accordance with the school's disciplinary discipline policy, the teacher educator is responsible for maintaining a good social environment among those students under the teacher's educator's responsibility at any given time and for sharing with other staff members the responsibility for school-wide behavior.

FOUR: Dedicated time for Adult Learning

APS and ATF believe that professional development (PD) is most effective when it is site-based, embedded in everyday work, and offered "just in time." To that end, we are dedicated to a PD structure that includes Teacher Leader Facilitators (TLF).

In addition to regular classroom duties, the TLF is an instructional leader who collaborates with the Instructional Council and administration to provide support for the professional development needs at the school level in conjunction with school goals and individual adult learning needs.

During the 2022-2023 school year TLFs will be supported by the district to gain expertise in:

- Social Emotional Learning (SEL) techniques interwoven into daily practice and school structures.
- The understanding and beginning implementation of classroom-based and school-wide restorative practices.

The TLF in collaboration with the Instructional Council at each site can either use one hour of the principal's discretionary 2 for 20 for PD focused on SEL/RP or the site can choose to utilize one hour in addition to the 2 for 20 for dedicated PD time focused on SEL/RP.

Throughout the 2022-23 and 2023-24 school years the RP/SEL Coordination Committee will support the shared goal of shifting to restorative practices district-wide by disseminating research and information about practical applications as well as provide ongoing learning opportunities for educators interested in developing expertise in restorative practices.

J.27 School Psychologists Pilot Program MOU

School Psychologists Pilot Program

The District and the Federation share an interest in:

- Providing effective social-emotional learning and supports to students and educators.
- Recruiting highly talented and diverse school psychologists.
- Expanding the school psychologist job role to possibly include participation in school-based Multi-layered System of Supports (MLSS) leadership, SAT, or Health and Wellness Teams.
- Utilizing school psychologists to facilitate consultation, training and professional development in social-emotional and behavioral interventions to school staff in collaboration with other role groups such as school counselors and school social workers.
- A transition plan for supporting the expansion of school psychologist job responsibilities while APS recruits and hires additional staff.

The 2022-2023 School Psychologist Consultation Pilot Program is a first step toward those mutual interests.

In 2022-2023 a pilot program will be started to expand the school psychologist's job role to include school-based consultation with teachers and other educators and school staff on social-emotional and/or behavioral interventions and supports for students.

Initial Framework for Consultation Pilot Model

- Have stakeholders develop an operational definition of "school-based consultation," including what such a process would look like, and what responsibilities it would entail.
- Identify psychologists' interest in participating in a pilot program (max 1 per diagnostic center).
- Stakeholders Identify schools to be involved - (e.g., 2-3 elementary, 1 middle, 1 high school within a cluster).
- Allocate .2 FTE per psychologist initially to complete pilot responsibilities and adjust as needed.

- Stakeholders identify potential student population to provide school-based consultation support (e.g., Students in Layer 3 MLSS/SAT process with social-emotional/behavioral concerns).
- Stakeholders collaborate to develop and form and/or protocol for requesting psychologist consultation. This protocol could potentially include a general set of recommendations to implement (similar to the current BSS process).
- Psychologist would attend Health & Wellness Meetings on as needed basis (determined by Health & Wellness team leader).

In pursuit of a possible future expansion of the scope of school psychologists' role, a framework/model should be considered for managing existing evaluation caseloads.

School Psychologist/Social Work Evaluator Collaborative Evaluation Model

A collaborative evaluation model may include Social Work Evaluators and School Psychologists working together on social-emotional/behavioral evaluations, with the goal of managing caseloads to allow for additional school-based work.

Proposed Job role/duties

- Psychologist and/or social work evaluator complete parent interview and write up data.
- Psychologist and/or social work evaluator administer parent rating scales and return completed scales to psychologist for interpretation.
- Psychologist and/or social work evaluator complete teacher interview with write up of interview and interventions including FBA/BIP.
- Psychologist and/or social work evaluator gather teacher rating scales and return completed scales to psychologist for interpretation.
- Psychologist and social work evaluator complete observations of the student in multiple settings and write up data.
- Psychologist completes write-ups for normative assessment measure (including behavioral rating scales) data.
- Psychologist completes student interview and write up data.
- Psychologist administers and interprets student rating scales and writes up data.
- Psychologist compiles all evaluation data and consults with social work evaluator and educational diagnostician as appropriate.
- Psychologist makes determination regarding eligibility and attends MET.

A psychologist and social work evaluator should be involved in the interview process for hiring of new staff.

1 SW per cluster of schools (ex. 4 at SEDC - AHS, AHA, RGHS, HHS)

Process for collaboration

- Referral marked for behavior
- Psychologist and social worker review referral, gather some initial data, and consult with evaluators (educational diagnostician, etc.) and determine if consultation or full evaluation is needed.
- Psychologist and social worker determine evaluation plan (who does what).

J.28 Pre-K and Developmental Preschool Programs Task Force MOU

Pre-K and Developmental Preschool Programs Task Force

ATF and APS agree to establish a Task Force to research, discuss and develop joint recommendations about the following:

Issues related to the Pre-K and Developmental Preschool Programs and the possible development of contractual language that relates specifically to the employees in these programs.

The APS/ATF Pre-K and Developmental Preschool Programs Task Force will be made up of no fewer than three (3) and no more than six (6) administrators selected by the district and an equal number of educators selected by the union and will convene no later than October 14, 2022.

The members of this task force will present recommendations to the Superintendent and Union President no later than March 17, 2023.

APPENDIX L – PROCESS FOR OBTAINING A WAIVER TO THE NEGOTIATED AGREEMENT

A provision of the Negotiated Agreement may be waived or altered only with the written consent of both the District and the Federation (Article 31 C.). A request for a waiver of a provision of the Agreement shall be granted or denied using the following procedure:

Waiver Request Specific to an Employee

Request for a waiver limited to the individual requesting the waiver must be made, in writing to the President of the Federation and the Director of Labor Relations for the District. The request shall specify the provision to be waived and the reason(s) for the request.

Waiver Request Affecting More than One Employee

Request for a waiver which affects two or more employees must be made in writing to the President of the Federation and the Director of Labor Relations for the District. The request shall include the provision to be waived and the reason(s) for the request.

Process for Federation Approval of Waiver Request Affecting More than One Employee

The Federation has established, by action of its policy making body, the ATF Federation Representation Council, its own internal procedure for granting approval of a waiver request from a school or worksite or employees at a school or worksite. This procedure has not been approved by the District and the District did not participate in formulating this procedure. The procedure is an internal union matter and is governed by the Federation’s regulations and bylaws.

For the union to approve a waiver request, 75 percent of the Federation membership at the school or site must agree with the request (not 75 percent of those actually voting). The Federation representative at the affected school or site shall conduct a vote of the membership. Requests for a waiver, with verification that 75 percent of the site membership has approved the request, shall be sent to the President of the Federation. The Federation will review the waiver request and then advise the District, in writing, of its decision.

Process for APS Approval of a Waiver

Waiver requests are reviewed by District administration, the site(s), or department(s) affected by the request. The guiding criteria are the “best interests” of students and staff. This procedure is an internal District process. This procedure has not been approved by the Federation and the Federation did not participate in formulating this procedure. The procedure is an internal District matter and is governed by the District's policies and procedures.

To request a waiver form, contact the ATF Office at act@atfunion.org.
